

## TO WHOM IT MAY CONCERN

The SOCIETIES' COUNCIL FOR THE COLLECTIVE MANAGEMENT OF PERFORMERS' RIGHTS, SCAPR, is an International Non-Governmental Organization that represents performers' collective management societies worldwide, aiming to establish the framework for the practical cooperation and to set standards for administrative and technical issues, as well as legal standards in relation to the collective management of performers' rights.

SCAPR, being the platform for the development of the practical cooperation between performers' collective management organizations in order to improve the exchange of data and performers' rights payments across the borders, **will gladly cooperate with INTER ARTIS PARAGUAY (IAP)** as soon as it gets the State accreditation as the solely and only collective management organization in Paraguay administering audiovisual performances' rights, supporting

- the principles set out in the SCAPR Statutes,
- the cooperation in order to strengthen the performers' rights and their structures in Paraguay,
- an effectively functioning international management as well as the trans border exchange of such rights through the corresponding reciprocal agreements.
